## Pizza Hut Night Is Wednesday!

### MAP Recognition

The MAP Test (Missouri Assessment Program) is required for students in grades three through eight. In the spring, all students take communication arts and math tests. The fifth and eighth grade students also take a science test. Many of our students do very well on the tests and we are very proud of the work they have done.

To recognize outstanding performance on MAP tests, the Concordia R-2 Schools will be paying tribute to all students who received a score of proficient or advanced on any of their spring 2012 MAP tests on Friday, September 21 at the CHS football game. Each student will be announced and they will receive a special certificate. The ceremony will begin at about 6:30 pm. Students who earned the proficient or advanced level have been notified and they and their families received a letter with the announcement and they will get in free to the ball game. Great work Orioles!

### Singing Orioles To Start

Singing Orioles will begin meeting in October and will continue meeting on Tuesdays for the remainder of first semester. Singing Orioles is an extra-curricular activity for 4th, 5th, and 6th graders who enjoy singing. The first rehearsal will be after school on October 2 until 4:15. Mrs. Brown will have permission forms and rehearsal/performance calendars available during the last week of September for students who are interested in participating.

School photos were sent home last week. If you are unsatisfied with your photos, return them on retake day. Retake day is Tuesday, October 9.
